DEATH.

On 9th March, at 105 Waverley Park Road, Edinburgh, Captain Robert Lowe, late of the barques *Kate Carnie* and *Oake*; aged 83 years.

The publication of this issue commenced at 5.15 p.m.

The China Mail.

HONGKONG, THURSDAY, MARCH 14, 1901.

LOCAL AND GENERAL.

German-made Guns.
It is asserted that half the German guns supplied to our troops at Aldershot are disabled through breakages. These statements should be received with reserve.

Sir Ewen Cameron.
Home papers of the 8th February state that Sir Ewen Cameron, London manager of the Hongkong and Shanghai Bank, who underwent an operation for appendicitis on the previous day, was progressing as favourably as possible, and a good recovery was anticipated.

Theatre Royal.
Last night, 'Florinda' was produced for the fourth time before a crowded house at the Theatre Royal. The piece went with the same swing which characterised the first performance, and gave great pleasure to all who witnessed it. The new famous 'San Toy' is to be staged for the next three nights, Mr. Dallas taking the extraordinarily funny part of 'Li'.

Have your Fortune Read.
Madame Zaria, the famous fortune-teller, continues to attract people of all classes at her rooms in Duddell Street. When in Calcutta, Madame was consulted by the Captain of the steamship *Indomitable*. She told him that he had been gambling, and that he would be a rich man in short time. Shortly afterwards, he won the first and second Derby sweeps amounting to Rs. 150,000. Madame is just a little late for the Hongkong Derby, but it is hardly conceivable that she could have changed the luck a little bit.

The 'City of Rio' Disaster.
Telegrams to Colombo state that there was great confusion among the passengers when the *City of Rio* struck, and that several boats capsized. Presumably the boats were rushed by the Asiatic passengers.

Good Templars.
At a meeting of the 'Red Dragon' Lodge of the Independent Order of Good Templars held last night a very enjoyable evening was spent as a social to their comrades who are going north. The British and American Navy were both well represented at the meeting.

Death of Capt. R. Lowe.
Old residents will regret to hear of the death of Captain Robert Lowe, who was well-known in Hongkong and the coast ports of China and Japan for some decades, when he was master of the barques *Kate Carnie* and *Oake*. It is now about fifteen years since Captain Lowe retired to his native country, and he died on the 9th inst. at his residence in Edinburgh.

A Dishonest Fusilier.
At the Magistrate's to-day, Private Kirby, of the Royal Welch Fusiliers, got four months' imprisonment with hard labour, for robbing an old South Australian miner named Forbes of fifty sovereigns. It seems that Forbes arrived from Australia the other day. He got the worse for drink, and Kirby, taking advantage of the old man's condition, dogged him about from one place to another till he found a suitable opportunity to relieve him of his gold. Sergeant Marston arrested Kirby, and over thirty of the sovereigns were recovered.

Russian Reception at Bangkok.
Mr. and Mrs. Olarovsky gave a reception at the Russian Legation on the 25th February (says the *Bangkok Times*) to meet the officers of the Russian cruiser *Razbuzhnik*. Despite the fact that a number of Britishers stayed away on the ground that the period of national mourning is not yet ended, the invitations were very generally accepted, and the gathering was large and brilliant one. The Russian Minister and Mrs. Olarovsky, assisted by Mr. Bolodt, received the guests, introduced them severally to the Commander and officers of the cruiser, and were untiring in their efforts to promote the enjoyment of all. The house and grounds were prettily illuminated, and the recent addition to the Legation buildings supplied an admirable ballroom. The dances music was supplied by a band on the lawn, and was all it should be. On the lawn there were also a refreshment tent, lounges, sitting-out spots, cigars, and all things necessary for the enjoyment of those who wished to leave the ballroom. Several Royalties were present, and there was a brave show of uniforms and pretty dresses. A recherche supper was served.

AN HONEST MEDICINE FOR LA GRIPPE.
GEORGE W. Wain, of South Gardner, Me.: 'I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine.' For sale by All Dealers, Watson & Co., General Agents.

LOCAL AND GENERAL.

Notes by the Way.
For the first time in the history of the Navy, the King's maps heads the Navy List.

King Edward will continue to hold the rank of Hon. Colonel of the Ceylon Volunteers.

Parcels mails for Europe &c., per a.s. Bengal will close at 3 p.m. on Friday, the 16th inst.

Two deaths from plague were reported in the Colony during the past twenty-four hours.

The *Weekly Despatch* states that the French, Russian, and German prisoners at St. Helena are to be released.

Princess Henry of Battenberg has gone to Cronberg to be with her sister, the Empress Frederick, who is reported to be dying.

The Bristol Hotel at Colombo pays a dividend of 10 per cent. for the past year. The Gallo Face Hotel pays a dividend of 8 per cent.

Mr. Brodrick has directed General Buller to cancel the memorandum issued at Aldershot concerning initiative in subordinate Commanders of Artillery.

As the Colonists authorities have reason to believe the natives are concealing small-pox cases, a lady doctor has been appointed by the Municipality to carry out house-to-house visits.

Yesterday, a Chinese foreman, who was engaged looking after the erection of some buildings at Kennedy town, suddenly dived himself of his clothing and jumped into the Harbour. His body has not been recovered.

The *Habala* *Mori*, which arrived this morning from London, has on board the last of the ten first-class torpedo boats built for the Japanese Government by Messrs. Yarrow & Co., of Glasgow. These vessels are 100 ft. long, with a speed of 27 knots.

Sir Arthur Blago, who for some years had rendered invaluable service in the fulfilment of his duty as Private Secretary to Her late Majesty Queen Victoria, will tomorrow fill a similar position in the service of His Royal Highness the Duke of Cornwall and York.

International Football.
A London telegram, dated February 24, states: 'Scotland has beaten Ireland in the Association match by eleven goals to nil. Scotland has beaten Ireland in the Rugby match by nine points to five.' It would appear that Scotland is to make a bold try for both international football championships this season. In former years, it was the custom to select different teams to represent Scotland in the Association games against England, Wales and Ireland. This year, however, it was decided to select one team, and to try it against Ireland and Wales successively, then to strengthen weak points in the match against England. The effect of this policy is seen in the heavy defeat of Ireland, which has lost 17 times to Scotland and drawn only one game. In the Rugby game, innovation has been the watchword of the selectors of the Scottish national team. Hitherto, players have too often secured places on the strength of past performances. This season, Scotland happens to be strong in young players; and the selectors dropped most of the old 'caps.' This confidence in the youngsters was not misplaced. They have beaten Wales and Ireland, who, in turn, have already defeated England, so that the hardy northerners should win the Calcutta Cup this year. (Exception has been taken to Fell (a New Zealand) playing in the Scottish three-quarter line, but doubtless he plays on at Edinburgh University residence. We have never heard objections to Sammy Woods playing for England, although he is an Australian. The record of games between Scotland and Ireland is—Scotland, 18 wins; Ireland, 3 wins; drawn, 3.

ROYAL HONGKONG GOLF CLUB.
CAPTAIN'S CUP—SILVER MEDAL FOR MARCH.
The following were the scores handed in for the above competition:—

CAPTAIN'S CUP.
Mr. C. M. G. Morris..... 83 4 79
Hon. J. H. Stewart Lockhart 96 16 80
Mr. C. Palmer..... 90 19 81
Mr. H. W. Robertson..... 93 10 83
Mr. E. F. Mackay..... 93 10 83
Lieut. S. V. Farie, R.N..... 98 12 85
(18 entries).

Mr. A. J. M. Grieve, R.N..... 81 2 79
Mr. C. M. G. Morris..... 83 4 79
Lieut. S. V. Farie, R.N..... 93 12 81
Lieut. J. A. Morison, R.N..... 96 14 82
Mr. E. J. Grist..... 93 9 85

This completes the series of monthly competitions for the cup, and the winner, of whom nine are at present in the colony, will have to play off as early a date as possible to secure final possession of Mr. Lam's handsome presentation.

BUTLER.—'How that suburban cemetery scheme of yours doing?' 'Husler.' 'First class.' 'All I want now is to get a few live men in it.'

LOCAL AND GENERAL.

Auction.
We are asked to call attention to the fact that the public auction of Mr. J. Coyle's furniture takes place at 11 a.m. on Saturday, the 16th inst., instead of as previously advertised.

The German Census.
Germany has a vitality which France does not possess. This has been again disclosed by the Census returns for 1900 just completed in Germany. Both countries have a quinquennial census, and while the population of France is nearly stationary owing to the low birth rate, Germany shows an average increase in each period for the past twenty years of three millions. If we take a safe figure for this year's census in the United Kingdom, and other fair estimates, we arrive (says a contemporary) at the following approximate totals as the population at the present moment of the principal countries of Europe:—

Inhabitants.
British Isles..... 41,000,000
Russia in Europe..... 115,000,000
Germany..... 66,245,014
Austria & Hungary..... 43,600,000
France..... 38,800,000
Italy..... 31,000,000
Spain..... 18,000,000

The United States of America, if included in the above list, would now stand a good second.

Departure of the Fusiliers.
This afternoon, about four o'clock, the s.s. *Chingie* (Transport No. 106) steamed slowly away from Douglas Wharf with 450 officers and men of the 2nd Battalion Royal Welch Fusiliers on board. The men are going up to Peking to relieve the Austro-Hungarian Contingent as permanent guard for the British Legation. They left the Colony in good spirits, and got a good send-off. They embarked at 2 o'clock, having previously got all their baggage on board. His Excellency Major-General Gascoigne, accompanied by Colonel O'Gorman and Captain the Hon. Trefusis, paid a visit to the transport, and inspected the quarters. The file and brass bands of the battalion were both in attendance, and played lively airs during the embarkation. As the ship hauled off, rousing cheers were given by the large crowd that had assembled, and these were lustily responded to by the men on board. The *Chingie* will lie out in the Harbour till tomorrow morning. It is understood that another draft of about 200 men are to arrive shortly from home in order to maintain the strength of the Hongkong detachment and relieve time-expired men.

THE PLAGUE AT CAPE TOWN.
LONDON, 12th March.
The plague is seriously developing at Cape Town. The Malays are rising against preventive measures, but the Malay priests are supporting the authorities.

THE SUGAR TRADE.
The Liverpool refiners are importing thousands of tons of sugar from the Continent in anticipation of a duty on sugar of 25 per ton.

THE NAVY ESTIMATES.
The Navy estimates show an increase of £2,000,000, which provides for 3,745 more men, three new battleships, eight cruisers, fifteen torpedo-boats and five Holland submarines. The question of the use of the latter is being carefully studied. The estimates provide for new arrangements to retain 48 Orient, P. & O. and other liners as fast cruisers.

HONGKONG.
(From Our Own Correspondent.)
The trade of the port is now beginning to open up after the Chinese holidays. There has been some petty thieving, but on the whole the island is reported to be more free from thieves and plunders than usual.

We have no plague in Hongkong, though the disease is reported to be claiming many victims in the Lam-loo district, about fifty miles from here. Rumour says that 18,000 have died from plague there during the last two months.

The amount of opium imported here through the Imperial Customs is less than usual. Rumour says that Kwang-chau is importing opium in large quantities, and that it enters there free of duty. Can it be that Hainan gets its opium by junks from there? It is certain that there is no less opium used here this year than there was last year.

BERLIN, March 14.

De Wet is going to Pretoria to participate in the peace negotiations now in progress there with Lord Kitchener. An early settlement is expected.

LEGATION ARRANGEMENTS IN PEKING.

PEKING, March 14.

The German Legation has purchased the Peking Club property adjoining the Legation compound, and has also entered into an arrangement with Sir Robert Hart, Inspector-General of Chinese Customs, for an exchange of Customs property required for the future German Legation.

FRICTION WITH RUSSIANS.

Mr. Kinder reports friction with the Russians over the building of side tracks for the Shanhaiwan Railway. British troops are now guarding Mr. Kinder's work.

CHINA AND THE POWERS.

Sir Robert Hart Protests.

LONDON, Feb. 25.—Sir Robert Hart has strongly protested to the Ministers at Peking against the proposed appropriation of the Customs buildings by some of the Legations, and particularly the Italian.

February 28.—Three Italian warships are surveying Nimrod Sound near Chekiang, and the crews have built barracks and a hospital on the southern shore.

March 1.—The transfer of the Shanhaiwan Railway has been completed. The stories current of the Russians looting the plant of the line are exaggerated.

It is officially denied that Italy is seeking territory in Nimrod Sound.

Lord Cranborne, in the House of Commons, said Sir Robert Hart had expressed surprise, but had not opposed the proposed appropriation of the Chinese Customs in connection with the defence of the Legations. Government, he said, was in communication with Sir Ernest Satow regarding the same.

THE SUGAR TRADE.

The Liverpool refiners are importing thousands of tons of sugar from the Continent in anticipation of a duty on sugar of 25 per ton.

THE NAVY ESTIMATES.

The Navy estimates show an increase of £2,000,000, which provides for 3,745 more men, three new battleships, eight cruisers, fifteen torpedo-boats and five Holland submarines. The question of the use of the latter is being carefully studied. The estimates provide for new arrangements to retain 48 Orient, P. & O. and other liners as fast cruisers.

THE LEGISLATIVE COUNCIL.

A meeting of the Hongkong Legislative Council was held this afternoon in the Council Chamber at the Government Offices, there being present:—

His Excellency the GOVERNOR (Sir HENRY BLAKE, G.C.M.G.).
Hon. J. H. STEWART LOCKHART, C.M.G. (Colonial Secretary).
Hon. W. MILES GOODMAN, C.M.G. (Attorney-General).
Hon. C. M. L. MESSER (Colonial Treasurer).
Hon. F. H. MAY, C.M.G. (Captain Superintendent of Police).
Hon. BASIL TAYLOR (Acting Harbour Master).
Hon. C. P. CHATER, C.M.G.
Hon. J. J. KRAWICK.
Hon. Dr. Ho Kai.
Hon. J. J. TAYLOR.
Hon. R. M. GRAY.
Hon. W. A. YUK.
Mr. R. F. JOHNSON (Acting Clerk of Council).

CAPE D'AGUILAR LIGHT.
Mr. Stewart Lockhart laid on the table certain correspondence (in proof form) with regard to the removal of the Cape D'Aguliar Light in Green Island.

PROPOSED SANITARY BY-LAW ENFORCED.
His Excellency said the next business was with regard to a Sanitary By-law under subsection 4 of section 13 of Ordinance No. 24 of 1897, made by the Sanitary Board. The matter was before them at last meeting when the Director of Public Works proposed that it be passed. This had not yet been seconded.

Mr. Stewart Lockhart said he understood some of the honourable members had objections to the by-law, but he seconded the resolution in order that the matter might be discussed.

Dr. Ho Kai said this sanitary by-law was made by the Sanitary Board for the purpose of compelling the villagers of Quarry Bay, Shaubukin, Stanley, Aberdeen and Apichau to clean and lime wash their houses to the satisfaction of the Board not less than twice every year. He opposed the by-law because it was unnecessary, because the villages and expensive and troublesome both to the Government and to the poor villagers. The by-law was passed by the Sanitary Board by the small majority of one.

The Chairman moved the Chairman of the Board of Police and the Acting Principal Medical Officer. He thought they might have made a by-law to lime wash the houses for the villagers, if it were necessary, instead of compelling the people to do it themselves. He moved that the by-law be rejected.

Mr. J. Thurston seconded. He did not think it would be of benefit in case of plague, and in the case of these small villages, it was quite an unnecessary expense.

Mr. W. A. Yuk concurred, and hoped that before the by-law went any further, the official members would give it their serious consideration.

On the Council dividing, the by-law was unanimously rejected.

DISCIPLINE.
Mr. Goodman moved the second reading of the Bill entitled An Ordinance to provide for the better enforcement of discipline among the subordinate staff in the Civil Medical Department.

Mr. Stewart Lockhart seconded. Carried.

The Bill then passed through the Committee stage, was read a third time and passed into law.

NATURALIZATION.
Mr. Goodman moved the third reading of the Bill entitled An Ordinance to repeal Ordinances for the Naturalization of Persons as British Subjects within this Colony and to make provision for the Naturalization of the Rights of such Persons.

Mr. Stewart Lockhart seconded. Carried.

PUBLIC HEALTH.
Mr. Goodman moved that they sit in Committee on the Bill entitled An Ordinance to consolidate and amend the Ordinance relating to Public Health in the Colony of Hongkong. He said the Bill was read a first time on the 8th January. It was referred, after being published in the Gazette, to the Law Committee. Several amendments had been made, and the standing Law Committee unanimously recommended that the Bill be passed in the form it was now in.

Mr. Stewart Lockhart seconded, and, after the Committee stage, the Bill was read a third time and passed.

His Excellency expressed the thanks of the Council to the Attorney-General for the time and trouble he had given to this Bill.

The Council then adjourned sine die.

WEATHER REPORT.

The following notice is issued from the Observatory:—
On the 14th at 11.55 a.m. The barometer has fallen on the China coast, probably owing to the existence of a depression over N. China. Pressure is highest over W. Japan. Gradients slight with variable winds on the coast, and depressing monsoon in the N. part of the China Sea. Forecast: E. winds, decreasing; dull, some rain.

OF THE

AMERICA MANILA BREWING CO.

INCORPORATED UNDER THE LAWS OF THE PHILIPPINE ISLANDS.

Capital, \$1,000,000.00, Mexican Currency, divided into 10,000 Shares at \$100.00 each.

Shares to be paid for as follows:

15% of face value at time of subscription.

25% within thirty days after subscription.

15% within sixty days after subscription.

Balance of face value at the time and in the manner as called for by Head Office, Manila, P.I.

Directors, J. G. GONZALEZ, PAUL BERRY, W. W. FARRIS.

Bankers, HONGKONG AND SHANGHAI BANKING CORPORATION.

Counsel, S. H. STELLER.

STATEMENT.

This company was organized for the purpose of constructing and operating a brewery in the city of Manila, Philippine Islands, and engaged in a general brewing business in the Philippine Islands.

The Company has been duly incorporated, registered as required by law, and license authorizing the company to engage in the brewing business has been duly issued by the proper authorities.

The liability of each stockholder for the debts of the Company is limited to the amount of stock for which he subscribes.

The profits which have accrued from the sale of beer in these islands, American occupation have been enormous, notwithstanding the fact that in no sense has the field been explored.

During the six months ending November 30th, 1900, 63,575 barrels of bottled beer were imported into the islands, which is approximately 140,000 bottles, per annum.

Beer brewed in America for these islands should be specially prepared to make it "keep" for exportation.

The same beer brewed in Manila would be free from this defect, as well as the deterioration incident to a long ocean voyage, and, of necessity, would be correspondingly superior to the imported article, in view of which it is confidently expected by the gentlemen interested in the promotion of this enterprise that the market for beer in the Philippine Islands will pass absolutely into the control of this corporation shortly after it has placed its first brew on the market, because it will be of the best possible quality and rigorously held to that standard.

It is especially expected that the future demand will much exceed the past or present, for no other reason than that beer of a quality much superior to the imported article will be obtainable at greatly reduced prices. This is readily understood when freight, insurance, duties and cheap manual labor are taken into consideration. It is too well known to require argument that enormous fortunes have been made in beer brewing in the United States, and it is every reason to believe that the same thing can be done here.

The company is the owner of a valuable tract of land in the Tondo District of Manila, of easy access to the railway station, and situated in a most desirable position for the construction of a brewery, proposed to construct (without delay) suitable buildings on this ground and to install the necessary plant with modern machinery and equipment sufficient for the manufacture of 60,000 barrels of beer of 40 litres each per annum.

Of the ten thousand shares of Capital Stock 7,000 shares are offered for public subscription.

The remaining 3,000 shares are in full payment for real estate above mentioned and for the franchise license, labor and expense of incorporation, sale of stock, etc.

Applications for shares should be made on the accompanying blank forms and forwarded to the Honorable Mr. J. G. Gonzalez, Banking Corporation, accompanied by the amount of the deposit.

The subscription list will be open on March 1st, 1901, and will close for the Philippine Islands on March 31st, 1901, and the date for closing the list for the Philippine Islands will be May 31st, 1901.

ROYAL HONGKONG YACHT CLUB.

The Ninth Club Race.

The Ninth Club Race was sailed on Sunday, the 10th inst., the course being from Police Pier, Kowloon, round the North Fair Way Buoy and a markboat at Lyeemoo, distance 12 miles. The wind was very light, almost due west, and a very strong ebb tide was running all the afternoon.

At the starting gun *Benito* was first across the line, being a few yards to windward of *Lis*, *Alannah*, contrary to custom, being almost the last to get away. *Benito* at once shot away and made a long leg out towards Stonecutters, sailing wonderfully fast in the light air although not holding so good a wind as the others. Helped by meeting the freshening breeze and sailing in slacker water she was about six minutes ahead of *Lis* at the buoy, the latter being closely attended by *Chanticleer* and *Alannah*. It was a very hot and tedious race to Lyeemoo, but with the assistance of the tide most of the journey was accomplished in fair time. About a quarter of a mile short of Lyeemoo, *Benito* took the wind and died out altogether, but *Benito*, with the assistance of tide and a breath from the east, got round the mark, but could not get nearer shore for a quarter of an hour. Suddenly the wind shifted, bringing up the light and clear boats, and the whole lot came tearing down to the mark boat in a bunch. Here there was considerable crowding, which ended in *Alannah* and *Lis*, followed by a few more, standing off to the right, and *Benito* (who only got the wind when the others were rounding) had another division towards Quarry Bay. It was soon evident that the latter was the correct course, and a pretty race home ensued, *Benito* gradually making up the lost time, and was about to take the lead when *Benito* was overtaken by *Alannah* and *Lis*. *Benito* was having a close race for third place, but *Benito* came out into the tide way, and so although only a few minutes behind was beaten by *Alannah* and *Lis*. The *Motor* was a third boat in, having been nearly all the first class boats on the last race from Lyeemoo, and of course secured an easy win. Subsequent are the official times at the finish and the marks up to date, which show the first class championship in a most interesting state as between *Alannah* and *Benito*:

It was a very hot and tedious race to Lyeemoo, but with the assistance of the tide most of the journey was accomplished in fair time. About a quarter of a mile short of Lyeemoo, *Benito* took the wind and died out altogether, but *Benito*, with the assistance of tide and a breath from the east, got round the mark, but could not get nearer shore for a quarter of an hour. Suddenly the wind shifted, bringing up the light and clear boats, and the whole lot came tearing down to the mark boat in a bunch. Here there was considerable crowding, which ended in *Alannah* and *Lis*, followed by a few more, standing off to the right, and *Benito* (who only got the wind when the others were rounding) had another division towards Quarry Bay. It was soon evident that the latter was the correct course, and a pretty race home ensued, *Benito* gradually making up the lost time, and was about to take the lead when *Benito* was overtaken by *Alannah* and *Lis*. *Benito* was having a close race for third place, but *Benito* came out into the tide way, and so although only a few minutes behind was beaten by *Alannah* and *Lis*. The *Motor* was a third boat in, having been nearly all the first class boats on the last race from Lyeemoo, and of course secured an easy win. Subsequent are the official times at the finish and the marks up to date, which show the first class championship in a most interesting state as between *Alannah* and *Benito*:

At the starting gun *Benito* was first across the line, being a few yards to windward of *Lis*, *Alannah*, contrary to custom, being almost the last to get away. *Benito* at once shot away and made a long leg out towards Stonecutters, sailing wonderfully fast in the light air although not holding so good a wind as the others. Helped by meeting the freshening breeze and sailing in slacker water she was about six minutes ahead of *Lis* at the buoy, the latter being closely attended by *Chanticleer* and *Alannah*. It was a very hot and tedious race to Lyeemoo, but with the assistance of the tide most of the journey was accomplished in fair time. LATE TELEGRAMS.

African Railway Extension.

London, February 23.—The Standard's Berlin correspondent says that a syndicate is forming to construct a Trans-Continental Railway through German East Africa.

Plague Precautions in London.

February 11.—Fearing that the plague will sooner or later be carried to London, the local authorities are taking most precautions. The London County Council has resolved to spend £50,000 in the erection immediately of hospital buildings and in making other arrangements to meet the exigencies in case any suspected cases of plague should present themselves.

A St. Helena Episode.

Feb. 12.—Commandant Holf, grandson of the famous Holf, was captured by General Baden-Powell in an attempt to capture Mafeking, has with four other Boer prisoners at St. Helena, being placed under close arrest. Holf, who was captured, was allowed him by attempting to escape. He and his four comrades seized a fishing boat in the harbour of St. Helena and attempted to make out to sea, probably having an arrangement previously made with some foreign vessel lying off the island to pick them up. The boat's engine was damaged, however, and the vessel was wrecked, the wind failing, it was immediately recovered.

Calcutta Athletic Meeting.

Calcutta, Feb. 23.—There was an immense gathering at the Presidency Athletic Meeting to-day. The Army Championship Shield was won by the Black Watch; the Queen's being second. Native Army Championship was won by the Guides, with the Central India Horse second. The School Championship was won by Mr. T. J. Phelps, and the 100 yards Army Championship by D. O. Sullivan. Mr. N. C. Pritchard did not succeed in lowering the Indian record for the quarter mile, his time to-day being 52.2 seconds; but the ground was somewhat heavy. The Quarter Mile scratch race for Amateurs was won by W. Smith in 55.5 seconds.

A New Regiment.

London, February 24.—The Royal Warrent provides for the formation, from the Infantry Reserve Battalion, of a new regiment to be called the Royal Garrison Regiment, to serve in the Mediterranean.

The Accession Oath.

A circular letter from Cardinal Vaughan has been read in all the Roman Catholic churches, in which he hopes that Catholics of the Empire will take constitutional steps for the removal of the obvious passages in the Oath of Accession.

Imperial Finance.

February 26.—In the House of Commons, Mr. W. S. Cairnes brought forward an amendment to the Address, urging repayment to India of the arrears of interest expenditure, in the form of a famine grant.

The Indian Memorial to Queen Victoria.

Calcutta, February 27.—The subscriptions to the Indian National Memorial Fund, which the Viceroy has limited to one lakh, amount to £1,597,058. The Viceroy, speaking at the Asiatic Society's meeting yesterday, dealt fully with the Victoria Memorial Hall, particularly with regard to the proposed contents. Commencing with the Mogul dynasty, they hoped to secure records in the form of paintings, engravings, sculptures, and relics of every dynasty to the present day; and this with pictorial representations of historical incidents and events in the history of India, and portraits, busts and monuments of the long line of distinguished men who had ruled the British Empire in India, constituted the central idea. A historical museum and national gallery should exist not for the advertisement of the present, but for the commemoration of that which was honourable and glorious in the past. It was further essential that Art, Science, Literature and men, and events to be commemorated must be those of India and Great Britain in India alone. His Excellency suggested that the building should be a masterpiece, which would give British and Indian pride in their country. It would be an additional reminder of the veneration entertained for a great Sovereign. The memorial erected will be, said Lord Curzon in conclusion, not merely a national monument, but will have a most utilitarian aspect, for there was no more practical and business-like erection than patriotism.

The Victoria Memorial.

London, March 2.—The Daily Telegraph says that the Government will shortly ask for a vote of £200,000, £100,000 of which will go to supplement the subscriptions to the Victoria Memorial.

The Tea Duty.

Calcutta, March 1.—The Englishman hears on good authority that the Home Government do not intend to levy an extra duty on tea.

Eight Hours Bill.

London, February 23.—The House of Commons have read a second time, the Miners' eight-hour day bill.

Army News.

Calcutta, February 26.—It is now settled that the Surgeon-General Spencer, from the Punjab, will be appointed as Director General of the Indian Medical Service, vice General Harvey proceeding on leave. Allahabad, February 26.—The manufacture of the tripoli for Maxim guns is to be rapidly proceeded with in India, as the experiments have given satisfaction. Among the questions closely engaging the attention of the Government of India is the further increase of Staff Corps Officers, as the present shortage has unduly retarded the double company system partially inoperative.

February 27.—It is now practically settled that the strength of the Field Artillery in India will be largely increased in order
